-Features 25 of your
Favorite Photos

Information

- o All sessions require a 50% non-refundable deposit to hold your date. This will be 50% of the combined Package and Product total. The remainder of payment is due on the day of your session.
- o Turnaround Times: for Digital Images, these can be ready and delivered to you within two weeks of your session. For the Keepsake or Folio Box, these can be ready and delivered to you within four weeks of your session. The album can be ready and delivered to you within six weeks of your session. If you need products sooner than the above turnaround times, you can opt for the "fast track" for an additional \$50 fee to take off two weeks from any product (or next day for digital images).
- o I will deliver your images to you via password protected online gallery. Then, you get to choose all images you would like in your final product. Images will then be retouched and ordered for your chosen product.
